EXPLANATION OF TERMS USED AND RULES FOLLOWED IN COMPILING RECORDS.

Q. C. is an abbreviation for Quit Claim deed, i. e., a deed where all the right, title and interest of the grantor is conveyed, omitting all covenants and warranty.

C. a G. means a deed containing covenant against Grantor only, in which he covenants that he hath not done any act whereby the estate conveyed may be impeached, charged or encumbered.

B. & S. is an abbreviation for Bargain and Sale deed, wherein, although the seller makes no expressed consideration, he really grants or conveys the property for a valuable consideration, and thus impliedly claims to be the owner of it.

The street and avenue numbers given in these lists are, in all cases, taken from the insurance maps when they are not mentioned in the deeds. The numbers, it will occasionally be found, do not correspond with the existing ones, owing to there having been no official designation made by them by the Department of Public Works.

The first date is the date the deed was drawn. The second date is the date of filing same. When both dates are the same, only one is given. When the date of drawing is other than in the current year the stated year is given. When both the dates are in the same year the year follows the second date.

The figures in each conveyance, thus 2:482-10, denote that the property mentioned is in section 2, block 482, lot 10.

It should also be noted in section and block numbers that the instrument as filed is strictly followed.

A$20,000-$30,000 indicates the assessed value of the property, the first figures being for the lot and the second figures representing both lot and building. Letter P before second figure indicates that the property is assessed as in course of construction. Valuations are from the assessment roll of 1919.

T. S. preceding the consideration in a conveyance means that the deed of conveyance has been recorded under the Torrens System.

Flats and apartment houses are classified as tenements.

Residences as dwellings.

All Christian names, streets, avenues, states and months are abbreviated when possible, also in some instances names of Banks, Trusts and Insurance Companies.

The star following names of street or avenue in the Bronx Conveyances, Leases and Mortgages indicates that the property recorded is in the annexed district, for which there is no section or block number.

EXPLANATION OF TERMS USED AND RULES FOLLOWED IN COMPILING RECORDS.

Q. C. is an abbreviation for Quit Claim deed, i. e., a deed where all the right, title and interest of the grantor is conveyed, omitting all covenants and warranty.

C. a G. means a deed containing covenant against Grantor only, in which he covenants that he hath not done any act whereby the estate conveyed may be impeached, charged or encumbered.

B. & S. is an abbreviation for Bargain and Sale deed, wherein, although the seller makes no expressed consideration, he really grants or conveys the property for a valuable consideration, and thus impliedly claims to be the owner of it.

The street and avenue numbers given in these lists are, in all cases, taken from the insurance maps when they are not mentioned in the deeds. The numbers, it will occasionally be found, do not correspond with the existing ones, owing to there having been no official designation made by them by the Department of Public Works.

The first date is the date the deed was drawn. The second date is the date of filing same. When both dates are the same, only one is given. When the date of drawing is other than in the current year the stated year is given. When both the dates are in the same year the year follows the second date.

The figures in each conveyance, thus 2:482-10, denote that the property mentioned is in section 2, block 482, lot 10.

It should also be noted in section and block numbers that the instrument as filed is strictly followed.

A$20,000-$30,000 indicates the assessed value of the property, the first figures being for the lot and the second figures representing both lot and building. Letter P before second figure indicates that the property is assessed as in course of construction. Valuations are from the assessment roll of 1919.

T. S. preceding the consideration in a conveyance means that the deed of conveyance has been recorded under the Torrens System.

Flats and apartment houses are classified as tenements.

Residences as dwellings.

All Christian names, streets, avenues, states and months are abbreviated when possible, also in some instances names of Banks, Trusts and Insurance Companies.

The star following names of street or avenue in the Bronx Conveyances, Leases and Mortgages indicates that the property recorded is in the annexed district, for which there is no section or block number.
